TECHNICAL SKILLS

Languages: Python, SQL, HTML, CSS, PHP

Tools: MySQL, PostgreSQL, Excel, PowerPoint, phpMyAdmin, Jupyter

Other tools and frameworks: Pandas, NumPy, Streamlit, Git, GitHub

EXPERIENCE

DATA ANALYST ASSOCIATE | EXCELERATE | [CERTIFICATE](#)

August 2024 – September 2024 | Remote

- Performed data cleaning and Exploratory Data Analysis (EDA) on diverse datasets, including Titanic and traffic accident data, to uncover trends, correlations, and anomalies.
- Analyzed sentiment data from social media platforms to identify public opinion patterns, leveraging structured and semi-structured data sources.
- Designed and executed SQL queries to extract, transform, and visualize key metrics, optimizing data workflows and supporting decision-making.

PYTHON DEVELOPER INTERN | SHADOWFOX | [CERTIFICATE](#)

April 2024 – May 2024 | Remote

- Performed comprehensive EDA on the Superstore Sales dataset, including data cleaning, trend analysis, and pattern discovery to support business insights.
- Wrote Python code to support project development, enhancing application functionality and automating routine processes.
- Automated data collection workflows by implementing efficient web scraping techniques using Python libraries.

PROJECTS

LIVE STOCK DASHBOARD | Python, Streamlit, Airbyte, Google Sheets, Pandas | [LINK](#)

Built a real-time stock analysis dashboard to fetch, store, and display live financial data with dynamic visualizations and performance metrics, enabling users to monitor trends and evaluate company performance efficiently.

PAYMENTS APP | PHP, HTML, CSS, MySQL, phpMyAdmin, PhonePe API | [LINK](#)

Developed a web-based payments application that initiates and tracks transactions in real time, integrates with a third-party payment API, and stores transaction data securely in a relational database.

MULTI-USER TO-DO APP | Python, Streamlit, SQLAlchemy, MySQL | [LINK](#)

Built a multi-user to-do list application with user-specific task management, secure database integration, and persistent storage using a structured backend. Ensured data separation and consistency for seamless task management.

EDUCATION

Modern College of Arts, Science and Commerce

Pune, Maharashtra

Bachelor of Science in Computer Science: 8.57 CGPA

June 2020 – May 2023

Kendriya Vidyalaya No.2 AFS

Pune, Maharashtra

Higher Secondary Certificate: 77.8 %

April 2019 – April 2020

CERTIFICATES

Program in Global Service Desk (**NIIT Foundation**) | [LINK](#)

Work Smarter with Microsoft Excel (**Microsoft**) | [LINK](#)

CS50's Introduction to Programming with Python (**Harvard**) | [LINK](#)

Data Analytics and Visualization Job Simulation (**Accenture**) | [LINK](#)
